

Hands-on exercise – simulating how students often view labs

This page contains a series of questions that you can answer easily and quickly. There is a reward for the first person to answer these questions and another reward for the first group that finishes answering the questions.

1. What holiday was yesterday? _____
2. Are you left handed or right handed? _____
3. In what department do you teach? _____
4. Name one food you had for dinner. _____

Raise your hand when you have answered these questions!
